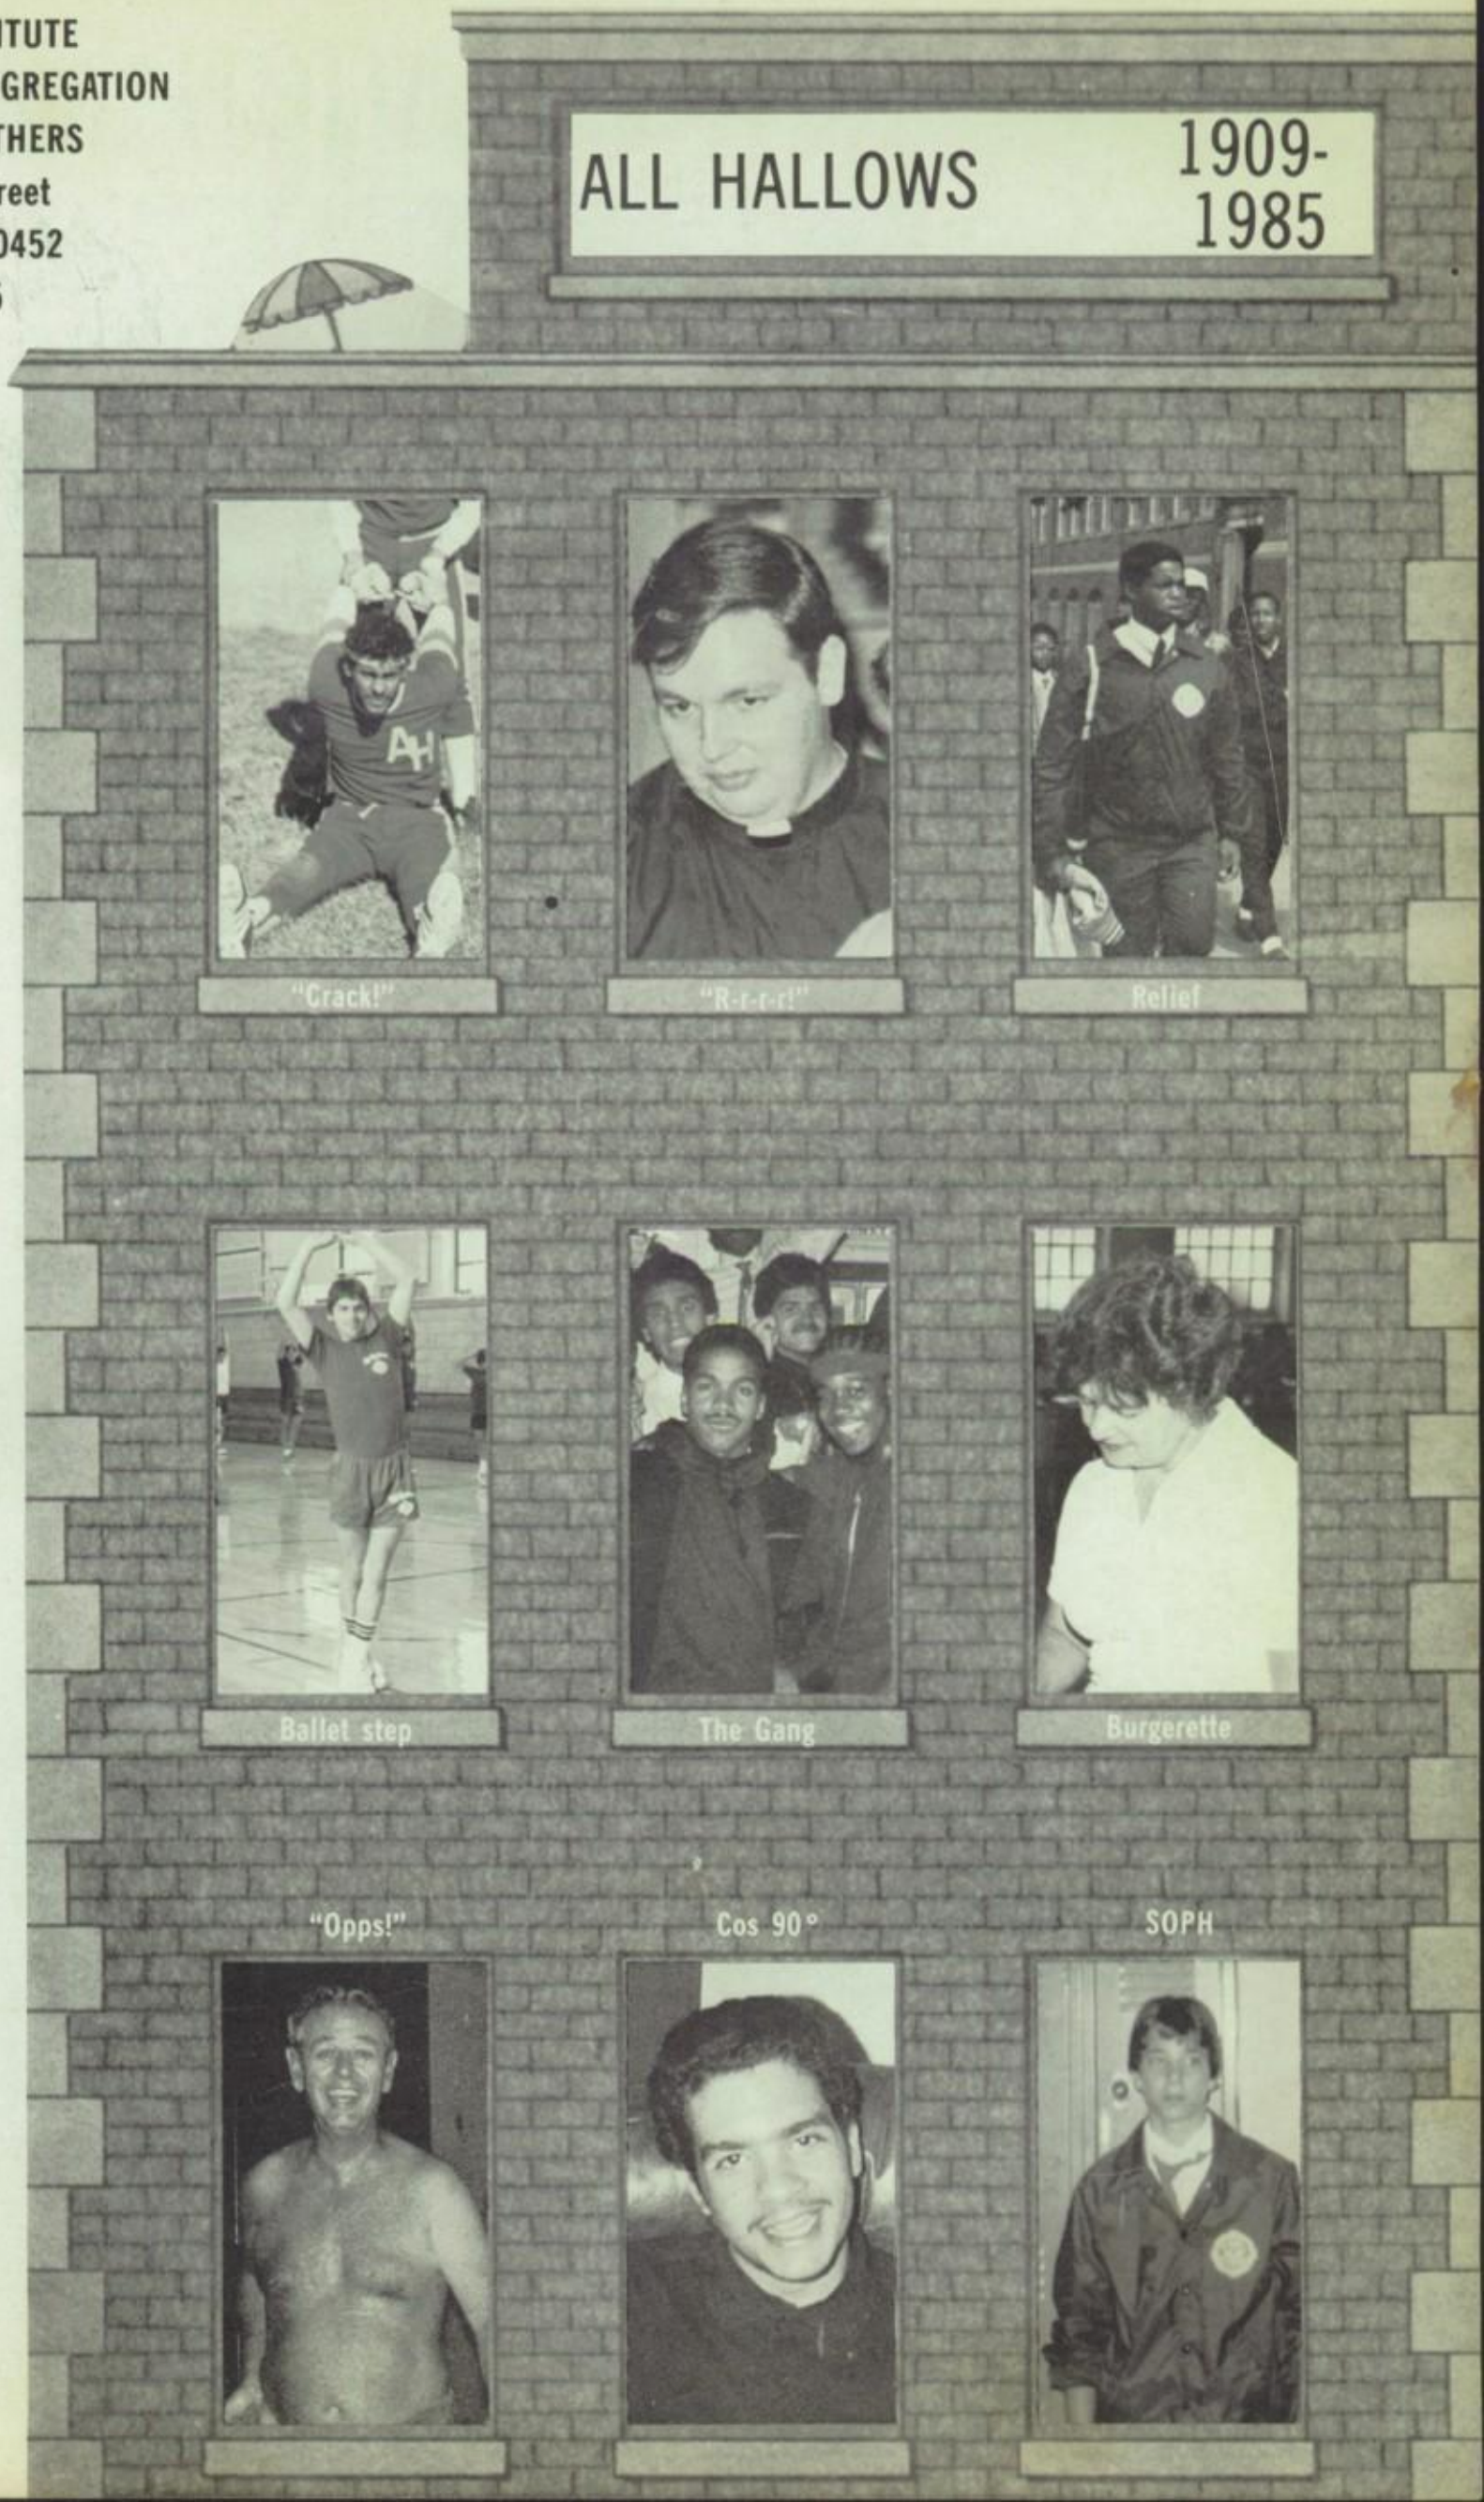
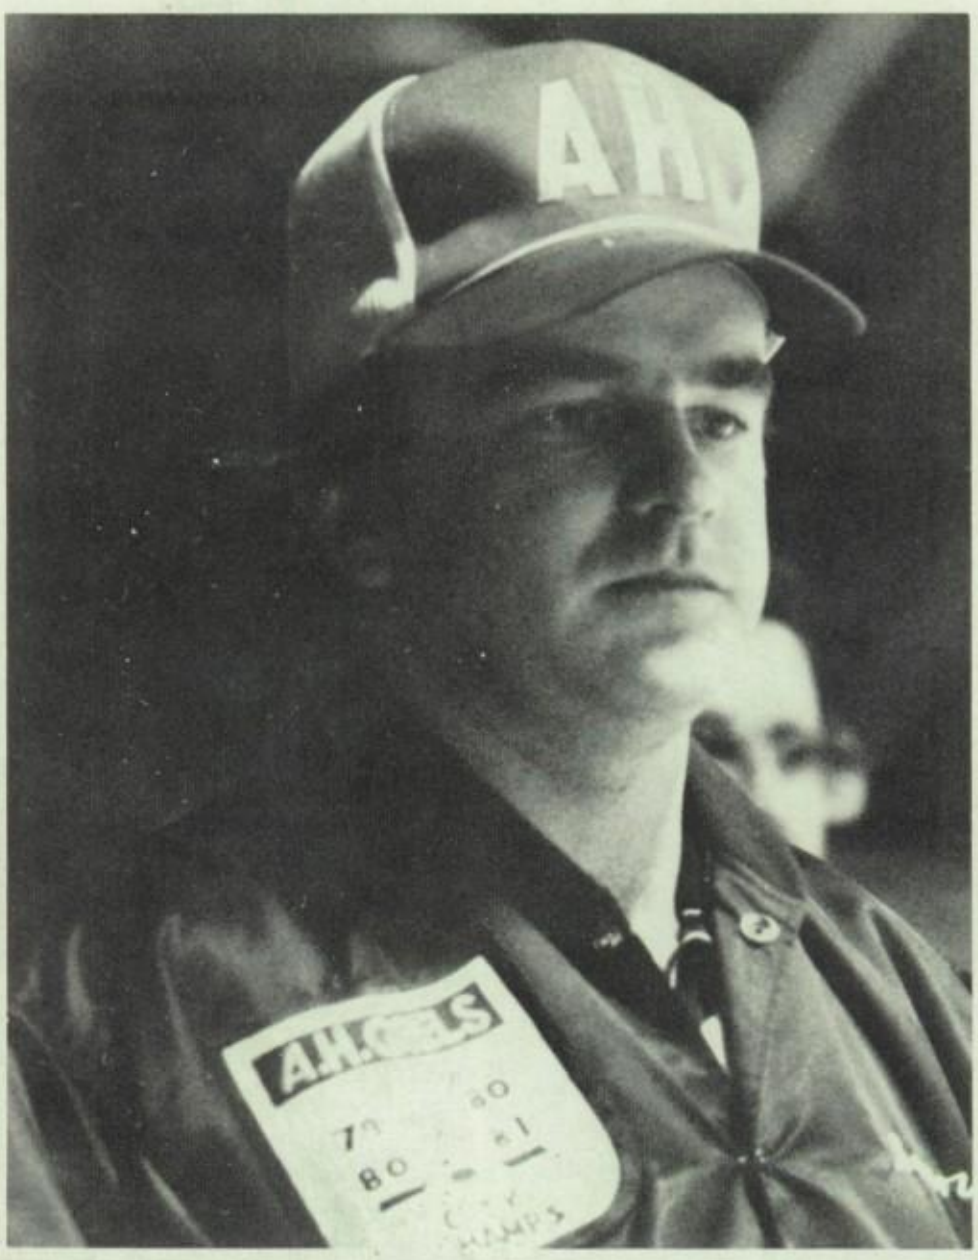
A SCHOOL IS MORE THAN A BUILDING, IT IS PEOPLE. FOR MORE THAN 75 YEARS WE HAVE CELEBRATED THAT PEOPLE ARE MORE IMPORTANT THAN GLASS, STEEL, AND WOOD. WITH THIS IN MIND, WE PRESENT TO YOU THE PARADOX OF A.H.: THE PEACEFUL INTEGRATION OF RACES — THE APPRECIATION OF DIFFERENCES; THE ANXIOUS, JOYFUL EXPECTATION OF THE RETURNING UNDERCLASSMEN IN SEPTEMBER — THE SADNESS OF THE SENIORS LEAVING FOR THE LAST TIME; THE AGONY OF LOSING — THE JOY OF WINNING; ONE PAPER FINISHED — ANOTHER ONE ASSIGNED; LADIES AND GENTLEMEN; FACULTY, PARENTS AND STUDENTS — ***THE 1985 HALLOWEEN.***



. . . ARE YOU KIDDING ME? 55, 2 nickels, speed limit . . . SILLY, SILLY, SILLY . . . WELL, WELL, WELL . . .

DEDICATION



This picture donated by the Gus Vaughn School of Driving.

The Class of 1985 dedicates the HALLOWEEN this year to Mr. Sean Sullivan, Math teacher, friend, and hockey coach at All Hallows for 11 years. Mr. Sullivan exemplifies those qualities that mark this institute — love, caring, dedication, and a sense of knowing and emphasizing the important values in life. We single him out only to call attention to the work of ALL the laymen, who in partnership with the Brothers, accomplish the reality of what a graduating senior expressed about Sully:

"Mr. Sullivan is unforgetable, an excellent coach and teacher — on and off the ice — and a friend . . . He has brightened my future, pointed out my good and bad areas . . . and I can never thank him enough . . . Mr. Sullivan has pulled me through some difficult times, picked me up when I have fallen and has been there to be happy when I was happy . . . I admire him." (Christian Velazquez)

We wish Mr. Sullivan continued good health, God's choicest blessings, and many fine years at the Institute.

HISTORY

FAITH

All Hallows does not wish to add to the appalling number of our youthful spiritual illiterates, but with the religious element predominating in all its teaching it aims to round out the simple faith of the home into stalwart Christian integrity.

KNOWLEDGE

By well-established methods on which more than a century of broad experience has affixed the seal of approval, to awaken moral attitudes and develop appreciations which will bear fruit in good deeds and noble lives; to arouse the spirit of self-reliance and self-criticism which will enable the pupils to recognize success or failure in their own work, to suspend their judgment, to think for themselves, and to accept only such statements as can be proved to be true.

NATIONALITY

To send out young men with a full comprehension of their duties as Catholic citizens, with a capacity for independent effort and unselfish sacrifice in the service of their country in times of peace as in times of war.

CHARACTER

By reaching the heart of the boy to erect therein ideals of the most refined aspirations, to help form that indefinable quality called character — the possession of which makes men worthy of the best Catholic traditions, and citizens ambitious for the highest welfare of the State.

GAMES

Baseball and Basketball are sports enthusiastically played by the students. Each season brings its schedule of friendly games with the various high schools of New York. Teams are always under the supervision of a teacher. Junior Leagues in both these sports afford every boy an opportunity for physical development.

TENNIS

Tennis is another of the School sports much indulged in. Courts have been procured sufficient in number for the ample enjoyment of the members of the Tennis Club.

DANCING

Classes in Irish Step Dancing are conducted in the Junior departments of the School. The dancing of the students has been a special feature of the School exercises for years.

HANDBALL

A double concrete Handball Court affords plenty of opportunity to the lovers of this form of sport to have daily practice.

GYMNASIUM

By the acquisition of the premises situated at 19 West 124th Street, a larger gymnasium became a possibility, and it has already been fitted out with apparatus, showers, etc.

HOCKEY

With suitable weather outdoor skating is secured and opportunity afforded for most enjoyable recreation in skating and inter-class hockey games.

MILITARY DRILL

The requirements of the State in reference to Military Drill and Physical Culture are being carried out, and the School will continue to interest itself in every branch of manly exercise that tends to the proper development of the body.

The Cadet Corps has been under the instruction of Lieutenant Murphy, the Junior Division under the instruction of Howard Danihy '16, Harold Cone '14, of the Columbia Battalion.

The Corps will be a fully organized unit during the coming year.

DAILY NEWS, October 17, 1984

Seventy-five years ago, All Hallows Institute, a Bronx high school for boys, was opened by the Irish Christian Brothers in two renovated brownstones in Harlem with an enrollment of 25 students. From those humble beginnings, All Hallows, after more than 50 years in the Highbridge section, has become a much treasured Bronx institution of learning . . .

Today the school has an enrollment of 470 students, and its achievements in the classroom and on the athletic field have been legendary.

Brother Krebbs, Principal of All Hallows, said that to celebrate the anniversary the school's alumni committee is hosting a birthday party Saturday October 27 at Tardi's in Throgs Neck. This coming May 150 graduates who entered religious life have been invited to celebrate a special Mass at St. Patrick's Cathedral.

The school opened on Sept. 13, 1909. Msgr. Power from All Saints has secured the brothers from Ireland to New York to open such a school. The Brothers were previously working in a grammar school in All Saints Parish since 1906.

Msgr. Power convinced the brothers to continue with a high school and in 1909 the new school was born. It was named All Hallows after All Saints Parish in which it was founded.

In 1931 All Hallows moved to 164 St. in the Bronx. The building is in very good shape even after all these years.

Other aspects have changed. The population of the school has kept pace with the changing flow of culture and races. Once a school predominately of Irish and Italian background, the population is now 80% black and Hispanic.

Seventeen brothers who live and work at All Hallows and 10 lay teachers comprise the school's faculty. 85% of the graduates go on to other schooling and college.

A yearbook is a very strange creation. Even the very title is misleading. The book is much more than a compilation of pictures and words of description regarding events of the past year.

Take this book off the shelf in a few years and relive the good times you had at All Hallows. Remember the faculty who became friends and the classmates who became better friends. Remember the good times. Look back with pride and a sense of accomplishment at your time at All Hallows. Remember the moral principles and truths that you were taught to build your life upon.

Congratulations on your graduation from All Hallows. May this book always be a reminder of pleasant things.

Prayers and best wishes for a successful future.

"My name's the teacher, oh, that is what I call myself. And I had a lesson that I must impart to you. It's an old expression but I must insist it's true:

JUMP UP, LOOK AROUND, FIND YOURSELF SOME FUN
NO SENSE IN SITTING THERE HATING EVERYONE.
NO MAN'S AN ISLAND AND HIS CASTLE ISN'T HOME,
THE NEST IS FULL OF NOTHING WHEN THE BIRD HAS FLOWN.

Memories of the way we used to be
Memories of the way we used to play
During the sunshine of rainy days
And the way we used to kid around
And the way the Brothers caught us
And we had to pay the price. . .
But there is nothing to worry about
For the memories are not gone
Cause you and me buddy will still lead the way.

In the beginning we were all freshmen. We came to All Hallows with many questions, doubts, and expectations. Some of us will be leaving with a greater sense of who we are. It is hard for us to leave, for we leave behind what we know. We are scared and nervous but we are willing to learn and go forward.

THE FUTURE
by Henry Isaac '85

The dawn of the future shines so strong
And the horizon of life is never wrong
Our coming times both good and bad
Brings some joyful and some sad
This senior year we chase our dream
College applications make us all scream
Soon other doors will invite our lives
To love and joy and maybe wives
But most of all this means to me
That I live my life the way I see
And God guides me through.

"ALL HALLOWS"
by Press Stone Living Stone

The teachers are nice, the school is cool
Jackets and ties are our golden rule.
When you break a golden rule
They get mad and jump all over you
But that just says that they care about you
They don't want you to act like a fool
ALL HALLOWS IS MY SCHOOL.

—Bard of the Bronx (P.L.)

There are two things that All Hallows has given me: a good education and some great friends. When we leave here our education will stay with us but unfortunately our friends won't. Cool out and enjoy.

In my four years in All Hallows I've really changed. The Brothers have really cared for us as people. They worked very hard to teach us. I changed under their influence to behave better and work harder. God bless the Brothers. Thanks also to my girl (Mindy) for helping me through my studies and giving me confidence in myself.

—Flavio Jimenez

Is that All Hallows is number one!

Test Prayer

by Marcial Negron

Now I lay me down to study. I pray the Lord I won't go nutty.
If I should fail to learn this junk, I pray the Lord I will not flunk.
But if I do, don't shed a tear, just put a rose behind my ear,
Tell my teacher I did my best, then pile my books upon my chest.
If I should die before I wake, that's one less test I'll have to take.

My four years attending All Hallows were very demonstrative of how a Christian life should be lead. I thank the faculty for a wonderful job.

—Edgar Nunez

During my four years at All Hallows I learned a lot. I want to thank all the teachers who helped me get through the years and most especially my mother. Good luck to the Class of '85. STAY KOOL.

—Tobias Nunez

I would like to say that in whatever you do, be successful. Do it right. Have a positive thought in what you do.

—Stephen Oliver

My four years at All Hallows have been pleasant ones. All Hallows is a place where you learn to love. I will miss the school and I will miss even more the dedicated faculty.

—James C. Lawson

I want to thank All Hallows for helping me mature as a man and giving me the confidence to face all my tomorrows. Mostly the school has helped me reach this important stage of my life. Good luck to the Class of '85.

—Jose E. Ortiz

It was a wonderful experience being in All Hallows. I loved it. They were the best four years of my life. So step off and live and eat it all out. . .everylittle piece. . .eat it out. Use all your God-given talents.

(This common ailment afflicts young people from the age of 13-19. It is sometimes debilitating and paralyzing, but it is not fatal. There is one cure — maturity. Editor!)

I met her; liked her; loved her; lost her; missed her; will always keep her A=N=K. (P.S. thanks Mom and Dad for the Best Education) Thanks, All Hallows #1.

—Alfred Soto YBSU!

The days went slam/ The years went fast/ And when I look back into the past/ I shall know the Spirit of All Hallows was meant to last.

—Poet Laureate R. Van Cleef

I think that All Hallows was a very exciting school for me to experience. I had never been in a public school. Catholic school was like a Great Adventure trip. I did learn a great deal about life and loving and living by attending All Hallows.

—William Rice

When I first came to All Hallows I said to myself, I don't think I'm staying here for 4 years. . . I was wrong. I had 4 enjoyable years in All Hallows. I learned a lot about life.

—Alex Rivera

I've spent 2½ years at All Hallows and I have learned and grown so much knowledge in that amount of time about life. My advice to the undergraduates: Trust the Brothers because Jesus Christ is with them and they will teach you what is right. After you learn from them, it is your job to carry out what they have taught you, which is the good nature of the Lord.

—Rene Rivera

During my four years at All Hallows I learned many things and this poem sums it up:
I met you as a stranger/ I leave you as a friend/ I will meet you later in life where friendship never ends.

—Ozzie Rodriguez

When I first came to All Hallows I hardly knew anyone. As the years went on, I began to consider the All Hallows faculty and the student body as family and I grew and learned with them physically and mentally. . .

—Michael Joseph Roman

To the Class of '85: Don't let anything stand in your way. If you want to make it in the world you have to knock people down in order to reach your goals. Good luck.

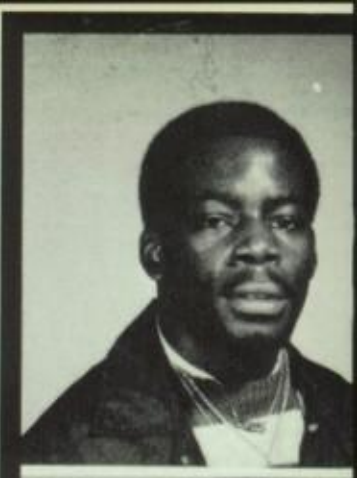
—Vic Rosario

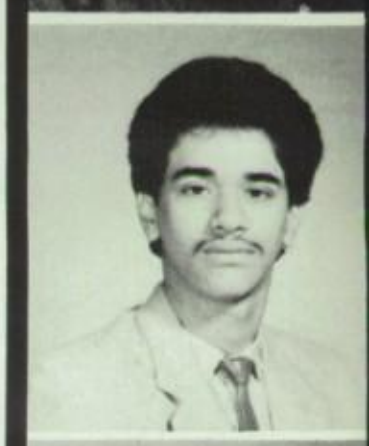
I would like to thank the faculty and most of all my mother, father and sister for their support through the years. Thanks also to Gloria.

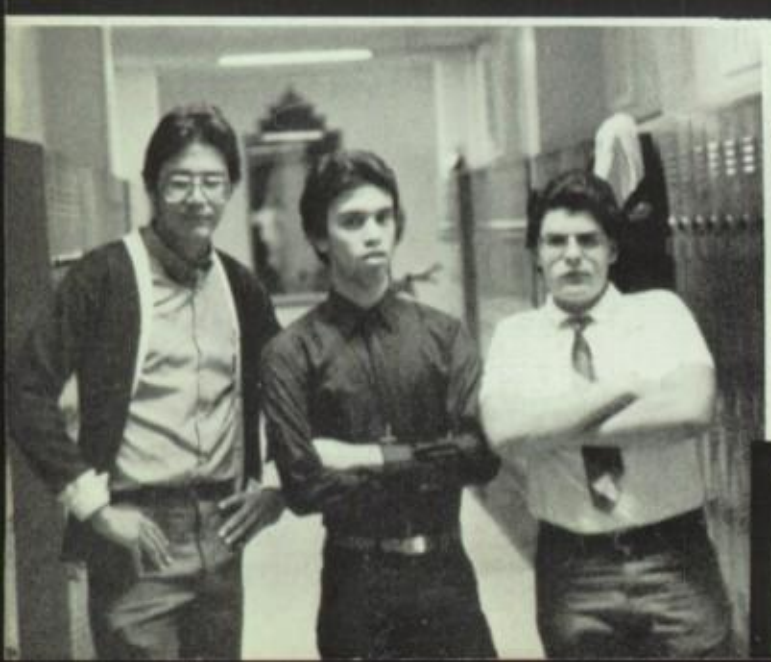
—Jose Ruiz

Strive for your goal. Being someone who knows he's done something is a great feeling. Thanks All Hallows #1. May it always stand out as a goal in life. Don't give in to the fast life because life with All Hallows holds many wonders.

—Ed Rosado







Out of the night that cover me
Black as the pit pole to pole
I thank the God above me for my unconquerable soul.
In the fell clutch of circumstance
I have not winced or cried aloud under the bludgeoning
of change;
My head is bloody, but unbowed
Beyond this place of wrath and tears
Looms but the horror of the shade
And yet the menace of the years
Finds and shall find me — Unafraid.
It matters not how straight the gate
How charged with punishment one scroll,
I am the MASTER OF MY FATE — I AM THE CAPTAIN OF MY
SOUL.

—Christian Velezquez

All Hallows has been a great advantage in my life. It's helped me learn and helped me grow. I've not only met many friends, but have gained wonderful memories. For Everything, All Hallows, THANK YOU.

—Len Velez

There is a time when we give up during the final year before graduation. The only thing in our head is to just quit. Somehow a special phrase or person will give us the encouragement to continue: "Cause everyone has to reach that mountain of goals" — from ***Up Where We Belong*** — did it for me.

—Raul Velasco

I would like to say to all the fellas, "Be cool, stay out of trouble." Let's keep each other in mind through the year.

—Marcelino Tricoche

Try to give it your best and at the same time try to be calm, cool, and collected.

—Sean Young

GUIDANCE

"AND THE GREATEST OF THESE IS LOVE" (I Cor. 13:13)

St. Paul tells us in his letter to the Community at Corinth that the greatest Gift of the Spirit is love. I too believe the greatest gift we can ever hope for is the gift of love.

If we give nothing else to each other these years at All Hallows, love is one thing that must be given. It is the only thing worth giving. We all know that in giving love we receive back a hundred-fold. Gifts are for giving. It is the gift of love that we can give forever. "Love is unending" (I Cor. 13:6) Let us then from this day on make love our aim and let the Class of 1985 be known as the class that was concerned, the class with compassion, the class that loved.

May my love and the Love of Christ be with all of you.

All Hallows Seeks ESCIT Title

Back in the days when the Eastern States Catholic Invitational Tournament in Newport, R.I., brought together the best parochial high school basketball teams in the East for a post-season tournament, All Hallows of New York City was a perennial contender.

Today the Bronx-based school hopes to rekindle some fond memories by winning the championship of the new ESCIT — the Eastern States Christmas Invitational Tournament that concludes at McCorristin High's gym.

All Hallows, the school that's located in the shadows of Yankee Stadium and has been a longtime power in the New York City Catholic High School League, will take on Long Island rival Holy Trinity of Hicksville, N.Y., in the last of four games that will conclude action in the second annual ESCIT.

All Hallows, which had opened its season in November with a three-point loss at Holy Trinity, will attempt to avenge that loss in today's 5:30 p.m. title showdown.

The big difference in today's rematch is that Holy Trinity (8-1) will be without its 6-5 senior center Doug Bantum, who suffered a severly sprained ankle on Thursday when Holy Trinity made its ESCIT debut with an 84-81 upset over pre-tournament favorite Roman Catholic of Philadelphia. Bantum had scored 22 points in the first meeting against All Hallows.

The Long Island school survived without Bantum on Friday when it beat defending ESCIT champ Bishop McNamara of Forestville, Md., 69-65. But the absence of its leading rebounder and scorer could take its toll on Holy Trinity today against All Hallows' front line.

Guard Scott MacKenzie, who has already captured the ESCIT foul shooting contest by making 29 of 30 shots on Friday, has been Holy Trinity's leading scorer in the tournament with 38 points.

All Hallows, which outlasted Towson Catholic in the first round Thursday (63-60) then dumped host McCorristin in the semifinal (76-60), has relied on the scoring and rebounding of 6-5 center Darryl Walker, 5-11 guard Mark Lake and 6-1 swingman James Pryor.

All three transferred to All Hallows this year after their former school, Power Memorial, closed in June.

Walker has scored 50 points in two games, shooting 19-for-32 and grabbing 30 rebounds. Lake has scored 29 points and Pryor is averaging 14 a game.

Today's ESCIT action will start at 1 p.m. with the first of three consolation games. Bishop Hendricken of Warwick, R.I. will meet St. Peter's of Staten Island for seventh place; while Towson Catholic meets Roman Catholic for fifth place at 2:30 p.m.

At 4 p.m. McCorristin (2-4) meets Bishop McNamara (10-1) for the third place trophy, followed by the all-New York title clash at 5:30.

Also on tap today will be a 'shootout' to determine second place in the foul shooting contest. MacKenzie's Holy Trinity teammate Joe Doherty tied for second with McCorristin's Steve Zrada in Friday's competition as both made 28 of 30 attempts. They'll decide the runnerup award today, although the loser will also receive a special citation from the 7-Up Bottling Company, a co-sponsor of the ESCIT along with *The Trentonian* .

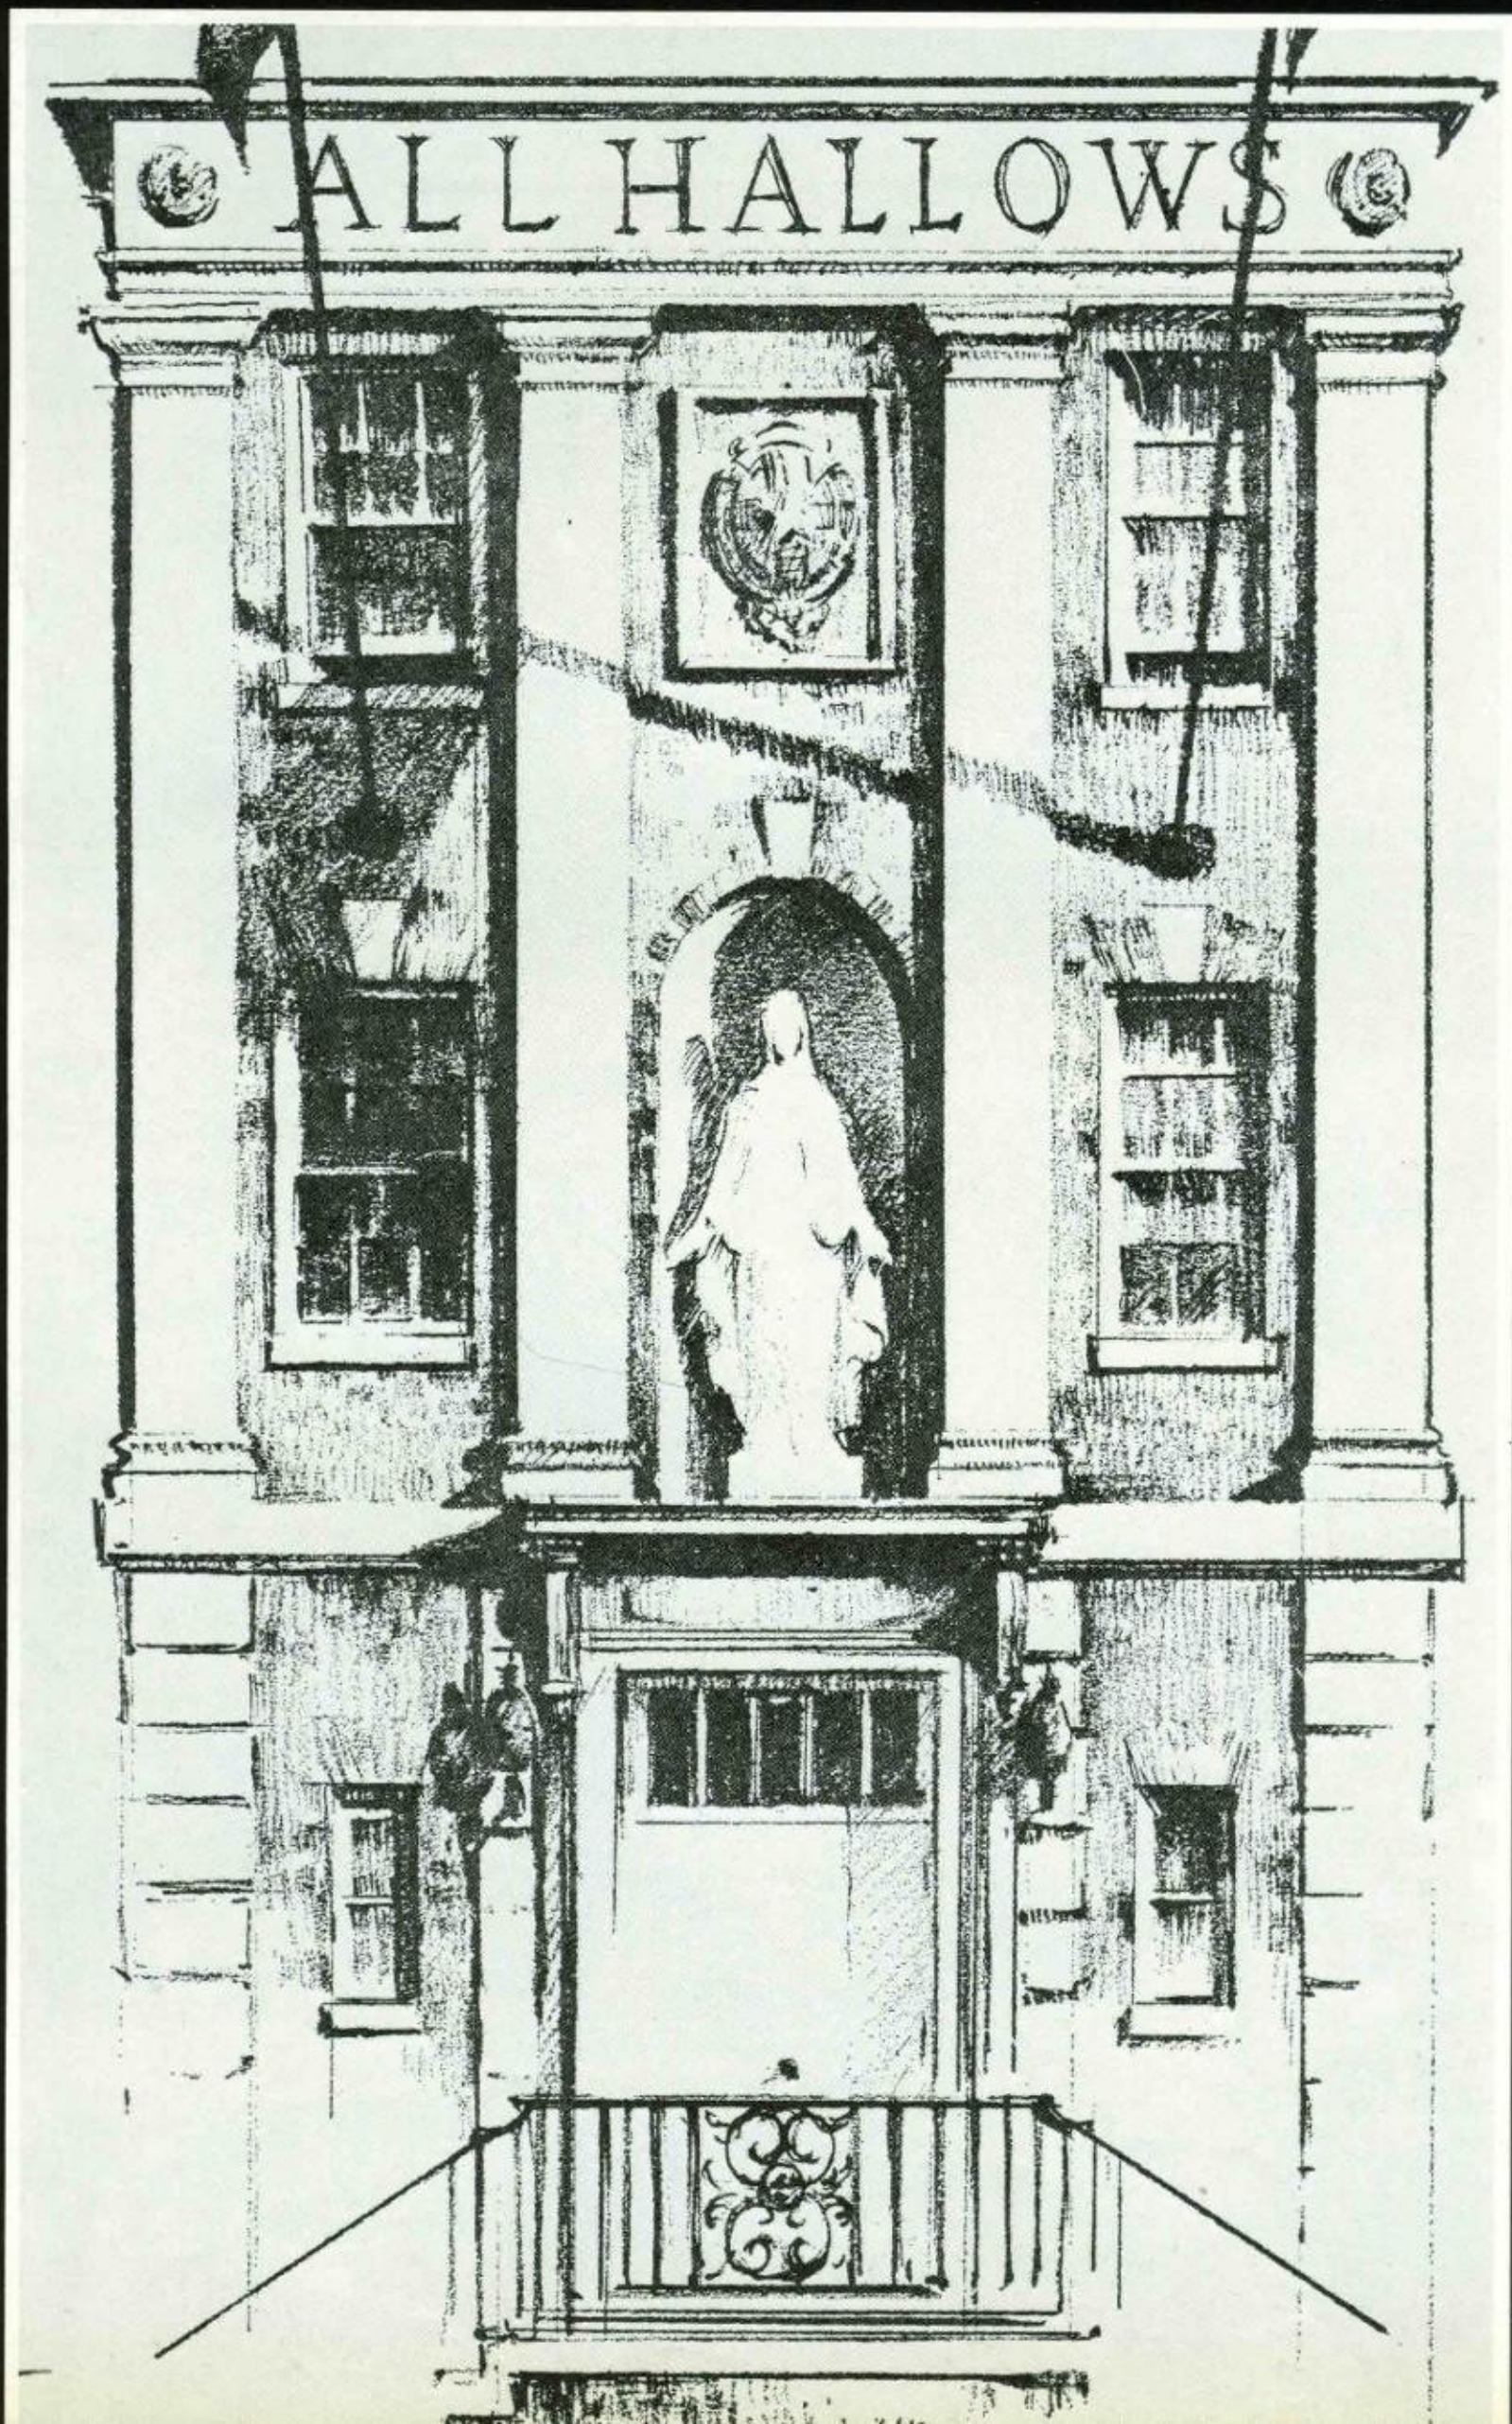
THE BLUE AND WHITE



(L-R STANDING) Father Herbert Charles, Brother Kevin Griffith (L-R SITTING) Ferdinand Berrios, Manny Ramos, Greg Colon, Joe Bobe.

The following is a reprint from the October 19, 1985 edition of *The Blue and White* compiled by Greg Colon:

On September 9, 1909 All Hallows Collegiate Institute opened the doors of two renovated brownstones on 124 Street to 25 students.

On April 1, 1913 the Regents of the University of New York admitted All Hallows "as a school of academic grade". By 1917 two additional brownstones were added completing the school property.

Depression notwithstanding, the brothers purchased the present site and in October 1931 the building was opened to receive over 400 students.

The enrollment for this our Diamond Jubilee year is excellent — both quantity with over 470 students and quality.

The friendly atmosphere and the caring that exists between faculty, staff, and students has been a trademark of All Hallows since 1901. This has been a major reason for its success.

The commitment made by the Irish Christian Brothers in 1909 is still in evidence today. Seventeen brothers live and work in All Hallows. Together with 10 dedicated lay teachers the students are being provided with a quality, moral education.

It is our hope and prayer that this education will provide the means by which our graduates will control their environment and improve the quality of their lives and the lives of the people they know and love.

Our alumni includes many prominent people in their ranks. Nearly 200 graduates have entered the priesthood and religious life. Doctors, lawyers, college presidents, executives, owners of large corporations — good men in almost every profession attribute their success to All Hallows.

"We are all indebted to our school which gave us such a good start."

"I feel All Hallows has played a big part in the success I have achieved in my lifetime. I trust you feel the same."

Robert Homan '53
President — New Products Resources, Inc.

We are convinced that the best way for All Hallows to maintain its high standards is to keep our classes as small as possible. The learning atmosphere that results from this situation is essential. Good order and discipline must exist if true learning it to take place. An equally important consideration in keeping classes small (under 30) is to establish a rapport between students and faculty. In this situation the faculty can assist students, recognize and utilize their potential as well as aid in the development of self-understanding, self-direction, self-control, and self-esteem.

We ask for your prayers that this learning, caring, loving place that is All Hallows may flourish for 75 more years. Be assured of our prayers for your success.

POESY PLACE

"Global Unemployment Rap" — Tuck and Co.
Come to the front and see the presentation.
Bout the unemployment, throughout the nation.
Defense cost spent, by the president.
No wonder we have unemployment.
From this, the United States seem to suffer.
But in other countries round the world it seems to be tougher.
Don't believe it's true that this is being done.
Why don't ya take a school lesson from group number one.
These facts we express, we do not predict.
They are all based on a statistic —
Throughout the whole world, including boys and girls.
It'll make ya sick that your stomach curls.
Now, for us to go — begin, or start.
We bring to you, this special chart.
It's meant, to represent, — unemployment.
Ya see Western Europe twenty-three percent.
And further up the statistic went.
Cause North America's thirty percent.
The biggest piece of the pie, it'll make ya cry.
The Third World is high, and this ain't no lie.
It's seventy percent, and down there they're booing.
For what Ronald Reagan is doing.
If ya cannot see that, these facts exist.
Give me a chance, so you can hear my list.
People living in a slum, just like a bum.
And don't know where their next meal is coming from.
Can't find a job, so they steal and rob.
Or join organized crime that we call the mob.
Living in a paper shack, both white and black.
And their own two feet is their Cadillac.
Their stomach's are swollen, their pride is stolen
And hunger is what, now seems to control'um.
Their arms are bony, and this is not phony
They kill each other for a piece of bologna.
Flies on his face, pollution they taste.
Is this really today's human race.
A house of twenty-four, living in a war.
With dirt as the floor, you know that's poor.
Will there ever be an end to this living hell.
I really don't know only time can tell.
Unemployment kills people like a man with a gun.
And this is just some facts from group number one.

"Time of Happiness" — Len Velez

A time of happiness, a time of joy
A time of pain and sorrow
All of these are held within
Until out last tomorrow.

Sometimes we look upon ourselves
With all omniscient eyes
But find an empty happiness
In some convenient lie

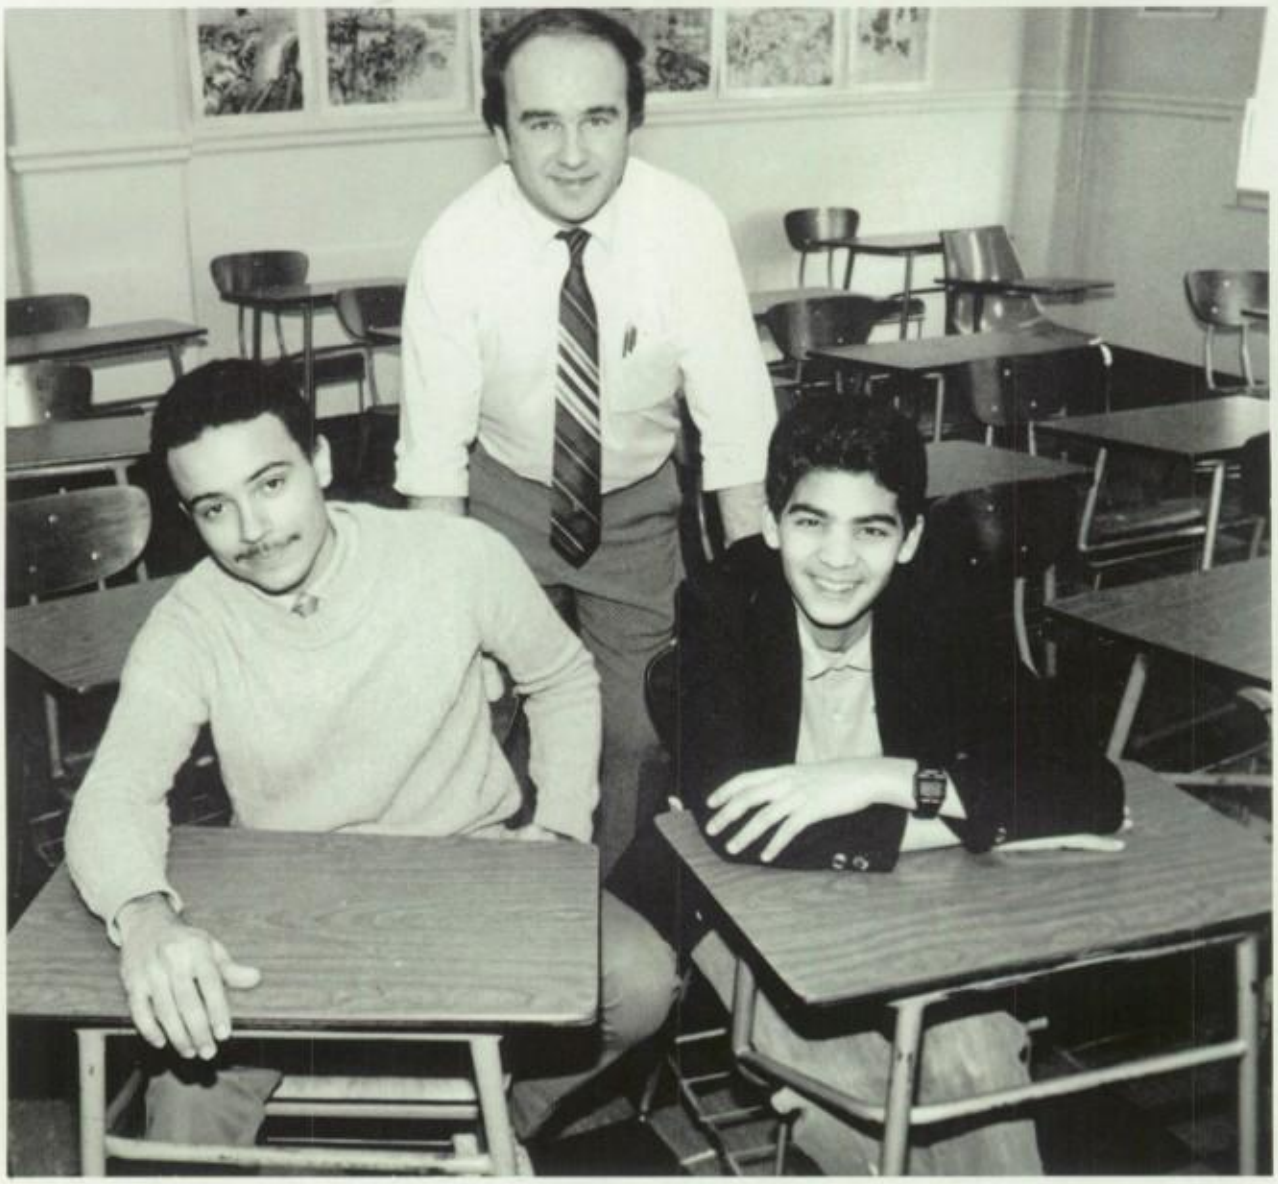
It brings to mind a wonderous thought
Of life and trust so fleeting
With memories come reality
And we find the heart left bleeding

We see not what we want to see
But what is put before our eyes
We hear not what we want to hear
The poor soul-wrenching cries

But yet I ask forgiveness . . .
Solitude and Grace
Do hear the cry I'm sending
See the sorrow upon my face

And still we all hold a hope
A hope of joy and Bliss
I ask you all to Hope my friends
Hope a Time of Happiness.

POSTER CLUB



Jose Ortiz, Santiago Ortiz and Mr. Sullivan pose for a portrait

Many schools are known during their history for the musical groups they produce. All Hallows is no exception, but this tradition is upheld in a more unique manner. Schools produce bands with excellent percussion sections. This group, representative of all the students at *one* time or other, is the REPERCUSSION SECTION. At a point in the day they danced to the music and now they must pay the piper!
